- Installed new in Bakers in June 2019. No other owners in between.
- Approx. running hours: 3,000 hours
- Officially decommissioned by Screen Europe engineer on 11/10/2024.
- Service contract expired but always had full service from Screen during operation.

- Print Configuration: CMYKO + W
- CMYKO: 60m/min max or 35m/min minimum
- W + CMYKO: 30m/min
- Print repeat: 50.8mm – 2400mm
- Media width: 100mm – 350mm
- Print width: 322mm maximum
- Print Resolution: 600 DPI
- Media Thickness: 0.04mm – 0.35mm
- Chill Roller: Yes
- Chiller Included: Yes

Clicks: Inks are purchased from Screen Europe

Machine says LM and has run with LM inks previously but has been fully flushed so could run as non-LM. Nitrogen system will add large cost to machine for removal
